

## *Andover College Admissions Advantage*

### College Survey

**We're about to ask you a lot of questions. We're also going to ask your parents a few questions. Take your time – there's no time limit. It's okay if you don't have answers for many of these questions – if you don't have an answer, just leave the question blank. And everything you submit here is confidential.**

**Many of the questions we're asking are similar to those on college applications. All of them will help us create a college list and direct you through this process.**

**Return this Survey via email, fax (203-286-2017) or mail (to 877 Post Rd East, Westport CT 06880).**

## College Choices

1. In which part of the country do you wish to attend college (or wish to completely avoid)?
2. In what size college are you interested? (Small = under 2,000; Medium = 2,000-6,000; Large = 6,000-12,000; Very Large = Over 12,000.)
3. You can't have everything, so what's important to you in a college? Tell us what your ideal college must (or must not) have. Should the college be politically active? Have school spirit? Have major sports programs? Offer lots of internships? Be very artsy? Be urban or rural? Have (or not have) sororities/frats? Have (or not have) strong distribution requirements? Be near an ocean? Near a mountain? Be warm in the winter? Have a conservatory program? It's okay if you don't know about many of these – just tell us what you do know.
4. Have you visited any colleges? If yes, tell us which ones and what you liked (and didn't like!) about each.

## **Learning Environment and the Application**

1. What kind of a learner are you? Which academic setting or assignments make you thrive? What interests you?
2. Describe the academic accomplishment you are most proud of, and tell why you take pride in it.
3. Tell a story about a time you displayed leadership.
4. What are your future goals and dreams?
5. What have been your most significant contributions to your community (high school/town/etc)?
6. Which extracurricular activities have meant the most to you and why?
7. How would your friends or family describe you?
